

ACING MAN MEETS

From Revolver Shot While Riding in New York Hansom.

ess With Him Suspected.

**Was Waiting for Him at Trans-Atlantic
to Take Boat for a Foreign Trip
When His Death Was An-
nounced to Her.**

Young, known on the turf as Young, bookmaker, horse stock holder in Pacific states, was shot and killed in a cab today while on his White Star pier to join his wife. Mrs. Young was waiting for him at Trans-Atlantic when his death was announced to her.

The bail on which Mrs. Patterson was held was at first fixed at \$1,000, she being held as a witness, but this was later increased to \$5,000 by the coroner on the request of the police officials.

Millin, the partner of Young, insisted upon being connected with the case, and was held in \$1,000 bail as a witness, which he furnished at once.

Less than a month ago a New York paper printed a page review of Young's career under the title "The Luck of Caesar Young."

The coroner later looked over the statement made by Mrs. Patterson and found some testimony which he had not made public. Mrs. Patterson in her statement had said that while riding down west Broadway, she heard a muffled pistol shot.

"How do you know it was a pistol shot?" the coroner asked.

"Because I took the pistol out of his pocket and put it back again," she answered.

"After the shooting?"

"Yes."

"An autopsy was performed on the body of Young and the conclusion of which the examining physician said he was unable to say whether the wound was self-inflicted or not. The bullet entered the body high upon the left side. It had a downward course, passed through the left lung and lodged in the vertebrae."

Later in the day the coroner committed Mrs. Patterson to the toms without bail. There is no formal accusation made against her however.

Mrs. Patterson's name was "Nan Randolph" she is said to have come from Washington. When she left the Floradora company to go to Washington, stories were printed about her having made a fortune in Wall street and to the effect that she would aid her father and return to her father's home.

Young was an Englishman by birth. He was brought to this country in 1890 by the old Manhattan club as a representative amateur athlete of England. Young, several years ago purchased race horses, one of them being "Eonic," which won the Burn's handicap, one of the big stake races in California. Mrs. Young then a bride, trained the horse and nearly \$50,000 was won by them on the race. Young brought a string of horses east with him, when he came here about a month ago. The most noted of them are Cunard and Watercure. The dead man was known on the race tracks as Caesar Young, but his correct name was Frank Thomas Young.

Congestion of money in returns points to impaired trade in grain crops have made any progress owing to lack of warmth. Railroad gross revenue compared more favorably than last year's, but net earnings are discouraging. Measures of railroad expenses as admissions of poor profitability. Aside from the large increase in acreage, due mainly to the high price of cotton, there are no conditions calling for special comment at this time.

MET

Fate He Did Not Expect.

**U. S. Sailor on
The Battleship Kentucky
Drowned.**

**Lost His Life in Attempt to
Escape Being Returned
to Philippines.**

**Men Who Were Rowing About Ship
in Shores Boat Were Friends
Who Hoped to Pick
him Up.**

New York, June 4.—By the finding of his drowned body it has developed that Elmer E. Lewis, of Cleveland, O., a sailor on the battleship Kentucky, lying at the New York navy yard, had escaped from the brig, on that vessel, May 26, and jumped overboard, had lost his life in the attempt to get away. The man had been imprisoned under orders from Washington, which said that the man was wanted in Manila on a civil charge, but of what offense he was accused was not stated. The Kentucky recently arrived here from the Philippines.

During the night of Lewis' escape, a shore boat with three men was seen hanging about near the battleship. The men rowed round for an hour, and were finally ordered away by the ship's officers. It is thought the men were friends of the prisoner and were expecting to pick him up.

A short time after they had rowed away, Lewis broke from the brig, and running on deck, leaped overboard. He was not seen again.

ATHLETES OF COUNTRY

Assembled at St. Louis to Participate in Contests for World's Records.

St. Louis, June 4.—World's Fair Grounds.—Athletes from all parts of the country, many of them holders of world's records were seen at the fair today, where the championship tests of the amateur athletic union were held. The first part of the program was devoted to the junior contests, postponed from yesterday owing to the rain, and the closing numbers decided the senior championship.

The heavy rains of the last few days prevented exceptionally fast time being made in the sprints and distance runs, but as the entries included the country's best men in their respective classes, great interest was taken in the several events.

A feature of the day was the presentation of medals to the winners of the senior championships by Miss Alice Roosevelt, the daughter of the president. President Roosevelt is the honorary president of the Olympia games, and Miss Roosevelt was requested by Chief Sullivan, of the physical culture department to represent her father.

The contests included all the regulation events recognized by A. A. U. In several there were so many entries that it was found necessary to divide them into heats.

SCORES OF OIL TANKS

**Swept Away by Flood Which Prevails
in Southwestern Kansas.**

Neosho River Six Miles Wide.

**Streams Are Higher Than at Any Time Within
Twenty Years--Damage to Crops and
Death of Live Stock Will
Reach Enormous Sum.**

Kansas City, June 4.—Further rains have fallen in Southern Kansas within twelve hours, and the flood conditions in the valley of the Neosho and Cottonwood rivers continue to grow worse. The streams are higher than at any previous time in twenty years, not excepting the rise a year ago, and they are still rising. The Kaw which caused the real damage from Kansas City west to Manhattan in 1903, continues to come up slowly at Topeka, Lawrence and Kansas City, but as yet no alarm is felt over the result of the flood along this stream.

Although the Missouri river at Kansas City is high and rising slowly, it is believed it will be able to carry off the great amount of water coming this way from the west through the Kaw. As the streams which are the highest are those of the Kaw, Watershed, and drain into rivers south of Kansas City, whatever serious damage is done must effect southern Kansas territory, and will not do material damage at Kansas City, Lawrence and North Topeka, which towns suffered the last year's flood. Oklahoma and the Indian Territory streams in some instances have overflowed their banks, inundating valuable farm lands and doing more or less damage.

In southwestern Missouri and Marais Des Cygnes, has done damage to tracks at Ich Hill, and other points.

Railway service throughout the southwest is still demoralized, and a dozen or more trains are stalled in Kansas. The damage already done by the flood is immense. Hundreds of

thousands of dollars worth of bridges have been destroyed and growing crops have been greatly damaged. As far as known, but two lives, a woman and child, names unknown, who were drowned at Florence have been reported.

The greatest damage wrought is in the great oil fields of Southern Kansas Independence, and at Iola, Florence, Emporia, Fort Scott and further west along the Arkansas at Wichita and other points.

Scores of oil tanks filled with oil and many derricks and rigs have been swept away. Railroad traffic on all lines in that section has been abandoned. In some places the Neosho is six miles wide and people are moving about in boats.

All the bottom lands at Iola, have been flooded and the loss of cattle drowned and farm property damaged will be heavy. Street cars have been stopped and water works and electric light plants are practically out of service. Rock and Elm Creeks have backed their water into town and 100 families along their banks driven from their homes, were forced to take shelter in the court house. The river is still rising today.

At Florence, business is practically at a standstill and merchants are removing their goods. A passenger train tied up at Clements and the passengers were compelled to remain in the cars all night. Food was brought to them in boats. The lower part of Emporia is deep under water and the river there is still rising. Many persons have been rescued.

LIBERTY BELL IS STILL A FEATURE.

Elmira, N. Y., June 4.—Fifteen thousand people saw the Liberty Bell here this morning on its first stop en route to the St. Louis fair. The party of Philadelphians headed by Mayor Weaver, distributed souvenirs. It had been planned to have the school

children sing and the fire bell toll while the bell was entering the station, but in the excitement everybody seemed to forget and in the eagerness to see this famous old relic the entire formal program went away. A stop of only ten minutes was made here.

USUAL RESULTS FOLLOW EXPLOSION.

were buried in the ruins, were rescued with difficulty. Three fatally hurt were: Mrs. Wm. Dent and two daughters and Mrs. E. M. Wraffey. The explosion was caused by natural gas leaking from a rubber tube igniting from a kerosene lamp.

PRESSURE OF PERSUASION

Ask Withdrawal of Troops
From Hanging Rock.**

Ironton, O., June 4.—The pressure of persuasion is being made on Sheriff Payne to induce him to acquiesce to the withdrawal of the soldiers. The

business men of Ironton request that the troops be withdrawn. Colonel Thompson is in favor of taking the soldiers away, but Sheriff Payne wants the troops held until Wednesday or Thursday. Secretary Bishop of the Ohio board of arbitration, has given up for the present his attempts to bring the strike to arbitration. It is likely that a full investigation of the strike will be made by the board of arbitration. All is quiet here today.

The Cunningham-De Wolfe Wedding. The Marion Star gives the following account of the Cunningham-De Wolfe nuptials:

The marriage of Mr. F. M. Cunningham, one of Marion's best known young business men, and most popular in club and social circles and Miss Miriam De Wolfe, the very charming daughter of Mr. and Mrs. Simon E. De Wolfe, gave a notable inauguration to the June social season today.

The ceremony at the First Presbyterian church was very impressive and witnessed by a large and stirring Marion assemblage, while the after celebration at the De Wolfe home was a brilliant and most delightful affair.

The guests began to arrive shortly after 3 o'clock, the church auditorium being taxed to its utmost capacity at 3:30 o'clock, the hour set for the ceremony. The interim between the arrival of the guests and the hour for the wedding was made most agreeable by an organ musicale, Mrs. Griselda Davis Dombagh rendering several delightful selections. The church was most tastefully decorated, green being the predominant color. The rostrum covered with potted plants, was indeed an appealing sight.

Promptly at 3:30 o'clock, Mrs. Dombagh played the introductory strains of the Lohengrin bridal chorus, the ushers, Miss Bess Cantwell and Miss Gertrude Strong, of Kenton; and Lucille Anderson, of Mansfield, Misses Josephine Johnston, Elizabeth Thompson, Gail Hamilton, Ethel and Lydia Cunningham, Miss Genevieve Hummer, Rhoda Lee, Mabel Raffensperger and Delilah Barker, singing the chorus entered respectively from the north and west doors, marching down the side aisles, taking their station in the choir loft directly in front of the organ. The young ladies, charmingly attired in white gowns and wearing large picture hats, made a most attractive setting. Rev. L. C. Webster traced the ceremony, assisted by Dr. Frank Granstaff, entering from the extreme west aisle, took their places in the pulpit. Misses Edna and Lucille De Wolfe, sisters of the bride, as bridesmaids, looking very pretty in gowns of white French organdie, sparsely touched with pink rosebud figures and trimmed with white satin ribbon, made their entrance from the north side. Mr. L. C. Cunningham, of Findlay, a cousin of the groom, and Mr. DeLos De Wolfe, a brother of the bride, as groomsmen, entering from the west aisle, where they joined the bridesmaids who preceded the flower bearers, Clementine Ritchie, of Wyoming, Ohio, Harriett Butcher and Robert Uhler, who came down the north aisle.

The groom and his best man, Mr. Frank Baxter, of Lima, mounted the rostrum, where they were joined by the maid of honor, Miss Bess Cantwell, most becomingly attired in a costume of white crepe-de-chine, trimmed with Point de Venice, carrying a large bouquet of white carnations, and the bride, on the arm of her father, Mr. Simon E. De Wolfe. Miss De Wolfe was very beautiful in a wedding gown of white messaline satin, with rose point lace trimmings. She carried a shower bouquet of bride's roses and lilies of the valley.

Rev. Mr. Webster spoke the wedding ceremony—indeed an impressive one—which plighted the troth of the couple, being assisted by Dr. Frank Granstaff. A happy coincidence was that in performing this ceremony on this date, Mr. Webster, grandfather of the bride, commemorated the forty-eighth anniversary of his marriage. Leaving the altar and advancing up the west aisle, the party made its exit from the southeast door of the church.

Immediately after the ceremony, Mr. and Mrs. De Wolfe gave a reception at their home on east Center street to the bridal party and two hundred invited guests. After viewing the many beautiful gifts and exchanging their congratulations, the guests were served with a buffet luncheon. Mesdames Frank Granstaff, S. E. Barlow, Martha Hodder, A. W. Shaw, Gertrude Kling, W. C. Butcher, H. W. Culbertson, Edward Seffner, Pauline Ummer and Mary Lippincott assisting. At the house, pink and green predominated in the decorations.

The bridal table in the dining room was very pretty, white, pink and green being the color theme. The bridal luncheon was served by Mrs. E. K. Uhler and Mrs. E. E. Powers. Little Miss Fannie Culbertson distributed the favors—white, pink and green ribbon bows.

Mr. and Mrs. Cunningham will leave this evening for St. Louis for a three weeks' visit at the exposition. On their return they will take up their residence on Lafayette street. The bride has announced several Wednesdays at home.

Among the out-of-town guests were Rev. and Mrs. L. C. Webster, Mr. Jacob Forbush, Mrs. Fannie Garrettson, Misses Gertrude Strong, Bess and Mayne Cantwell, Eloise Sorgen, Edna Wise, Margaret Spousler and Florence Holland, of Kenton; Mrs. Holland Webster, of Toledo; Dr. and Mrs. Ed. Webster, of Cleveland; Mrs. E. E. Darling, of Paw Paw, Mich.; Mrs. Emma Anderson and Misses Cleora and Lucille Anderson, of Mansfield; Mrs. Ruth Rissler, of Lancaster; Mrs. Margaret Coleman and Mrs. James De Wolfe, of Columbus; Rev. and Mrs. Ed. Yesterday was a red letter day for the members of the Sappho and Arbutus clubs, who were invited by a former member, Mrs. George P. Waldorf, to spend the day at her beautiful new home on Lincoln avenue, Toledo.

The weather was simply perfect for an outing. At eight o'clock the party left over the C. H. & D. at Toledo they were met by Mr. Waldorf, who escorted them to a special car which conveyed them to his residence, where the hostess gave one and all a cordial welcome. Their Colonial home with its spacious halls and rooms, was filled with the fragrance of roses, lilies and pinks and the guests were more than delighted with the beauty and completeness of each room. Music at intervals was enjoyed until noon when small round tables with covers for four were conveniently placed for serving an appetizing luncheon. At two o'clock five large motor cars were on hand and in two relays the delighted visitors were taken all over the best parts of the city and out to Riverside Park to the farm. At 5:30 o'clock all were ready for the delicious tea at which they were joined by the following friends of the Lima ladies: Mrs. Charles Sutton, Mrs. Rydman, Mrs. W. H. Porter and Miss Lou Nichols. Mrs. Bert Waldorf also a Toledo guest, with Mrs. Rydman, added pleasure to the occasion by giving musical numbers. Just after tea, at seven, a special car again conveyed the club women to the home-bound train. The Sappho and Arbutus club members making up the party were Mrs. R. Truesdale, Mrs. E. M. Gooding, Mrs. R. J. Thomson, Mrs. W. E. Cooney, Mrs. M. C. Baxter, Mrs. C. S. Baxter, Mrs. A. T. McDonald, Mrs. W. A. Campbell, Mrs. A. L. White, Mrs. J. E. Sullivan, Mrs. C. F. Lufkin, Mrs. C. A. Black, Mrs. C. C. Miller, Mrs. John Davis of Gomer, Mrs. Emma Decker, Mrs. Luah M. Butler, Mrs. R. D. Kahle, Mrs. A. C. Feltz, Mrs. William Beach, Mrs. W. L. Metheny, Mrs. Charles Moore, Mrs. W. L. Mackenzie, Mrs. Harry Moulton, Miss Mabel Thrift, Mrs. J. J. Ewing, Mrs. A. T. Stewart, Mrs. J. W. Roby, Mrs. M. E. Sealts, Mrs. Morris Cohn, Mrs. W. E. Cooney, Mrs. I. R. Longworth, Mrs. James Langan, Mrs. G. F. Southard, Mrs. S. S. Wheeler and Mrs. A. F. Wheeler of Tiffin. Going up with the party were Mrs. A. Thrift, Mrs. John Thomas and Mrs. J. D. Welch, Mrs. F. M. Holmes and Miss Madge Ewing.

Handsomely engraved invitations read: The class of nineteen hundred and four invites you to be present at the Class Day Exercises, Tuesday afternoon, June 17, at 2 o'clock, at Baxter Place, and at the Fortieth anniversary commencement of the Lima High School Thursday evening, June 19th.

women. Every woman who has tried it says
and there are multiplied thousands of them.
From all parts and corners of the land come
sage words of praise and gratitude.
Zoa Phora has brought more life and health to
women, has relieved more pain and suffering
and filled more homes with joy and happiness
than all remedies and medicines and doctors
combined. Their grateful letters of thanksgiv-
ing and praising prove it and prove it con-
clusively.

Zoa Phora cures all forms of female disease,
miscarriages, irregularities, suppressed and
painful periods, etc. It cures kidney, bladder
and liver diseases and all the troubles that flow
down the life of women and make their lives a
burden and a misery. You will rejoice as others
now rejoice in perfect health and happiness if
you use Zoa Phora.

Mrs. Wm. B. Knapp, 331 E. 3rd St., Traverse
City, Mich., says: "I write this hoping that it
will be the means of helping some suffering
sister who has any weakness or trouble peculiar
to women. Seventeen years ago I fell ill I
was taken sick with weakness and was in bed
all winter. Just as soon as I would get up I would
fall and fall. Three of the best doctors in our
town could not help me; then my husband wrote
to that dear old Dr. Pengelly and he sent medi-
cine and advice. The first dose helped me, and
in one month I was up doing my work after
being sick in bed from the 21st of November
until the next May. The medicine he sent me
was Zoa Phora, and if it hadn't been for dear
old Dr. Pengelly and Zoa Phora, I would not be
here to write this."

Write the Zoa Phora Co., Kalamazoo, Mich.,
for a free trial bottle and copy of their illus-
trated medical book. "Dr. Pengelly's Advice
to Women." The doctor will gladly give free
special advice when needed. Zoa Phora is for
sale at \$1.00 a bottle by all druggists.

ATCHISON GLOBE SIGHTS.

We all "see things" differently.
The "new" suit J. C. Fox is wear-
ing is a yearling.

If we ever start a circus, there will
be no clowns.

If a circus lived in town, its parade
would be late.

Your enemies always have so dog-
ged much luck.

If a man loafs long enough, he will
finally get an office.

A loafer always asks more fool ques-
tions than a busy man.

There is nothing to be done about
some things but to talk.

The man who changes jobs fre-
quently, never has a good one.

Every small man believes he will
finally be known as the "Little Giant."

On circus day, the old-fashioned boy
with sore lips always comes to town.

It occasionally happens that a man
is too busy to even listen to compli-
ments.

About the only excitement an old
girl gets is changing the style of do-
ing her hair.

SOME ANECDOTES OF WELL KNOWN PEOPLE.

Presumptuous Tourists.

Rear Admiral Melville was praising
the turbine engines that he had been
studying in Europe. Westminster Ab-
bey, in some way thrust itself into
the conversation and the noted sailor,
ceasing his technical discussion of
turbines, said:

"Westminster Abbey is a grand old
place for everything except prayer.
They say that a certain American vis-
ited it one day, and after he had look-
ed at all the tombs and inscriptions,
he knelt on the stone pavement and
bowed his head.

"A verger, frowning, tiptoed up to
him.

"You can't pray here," he said.
"The American rose in confusion.
"Can't pray in the abbey?" he ex-
claimed.

"No," said the verger. "If I was to
allow it once we should have 'em
praying all over the place.

"Near Kidderminster," continued
Admiral Melville, "there is an ancient
and picturesque church, the show
church of the country. It is only a
show church, though; public services
are no longer held in it. Well, one
day, struck with the impressive
beauty of the place, a tourist said to
the sexton:

"I suppose there are some people
who use this church for private pray-
ers?"

"The sexton answered fiercely:
"I ketched two of 'em at it once."

A Besotted Brain.

Mrs. John A. Logan, who has suc-
ceeded Miss Clara Barton in the presi-
dency of the Red Cross, was educated
in Kentucky.

In condemning intemperance Mrs.
Logan said recently:

"Alcohol vitiates the mind in that the
degradation it imposes on its victims
hardly seems like degradation to them.
The woes of these men are changed
to blessings in their besotted brains.

"For instance," said Mrs. Logan,
smiling, "there used to live in Ken-
tucky an old man called Fawcett
Jones. Fawcett drank to excess, and
he used to declare that whisky was
meat and drink to him. But one hot
summer night he drank so much that
he fell into a puddle on the way home
and in this puddle he lay snoring until
dawn.

"A clergyman who had risen early
found him with his head in the mud and his
legs and body in the water, and the
good man woke him up.

"'Aha,' he said, 'so whisky is meat
and drink to you, is it, Fawcett?'"

"Fawcett rose to his feet and began
to wring out his clothes.

"It certainly is," he said, "and wash-
ing and lodging, too, sir."

Inside Information.

Hamlet A. Rye, of Sioux City, who
is organizing an "appendicitis club,"
said the other day:

"Only those who have gone through
the operation for appendicitis will be
eligible for membership in my club.

The loss of the appendix forms a
strong bond of sympathy. Appendi-
citis victims like to get together and
talk about their past sufferings.

"Such talk will be encouraged in my
club. The spirit of this organization
will not be like the spirit of a Sioux
City woman I heard about the other
day. This woman's little daughter
had just begun the study of physi-
ology, and on the day of her third les-

WEATHER.

Washington, June 4.—For Ohio:
Thunder showers tonight and prob-
ably Sunday; cooler tonight.

Anthracite Coal Baer, and the re-
publican party are exactly alike—
they both believe in making the con-
sumer pay the freight.

The rumor is current that the Re-
publican-Gazette has laid off a large
number of its employees, because of
an imaginary depression in business,
and for the further and more cogent
reason that it wishes to convince the
discharged men that the country will
go to the demagogue-bow-wows in case
Roosevelt is elected to the presidency.

When the Twister from Twistersville
Iowa, gets through making three or
four democratic nominations for
president, on as many days, and then
alternating, as he has been doing,
he can, as has been suggested by a
score of good, loyal, local republicans,
"very profitably and for the preservation
of his integrity of purpose, turn his
attention to an attempt to elect a
republican to the highest office in the
gift of the people."

There is little question that the emi-
gration to this country is stimulated
by the foreign steamship companies.
Whether or not they are responsible
for half our immigration, as is claim-
ed, there is no definite way of proving
but at least they are credited with
having received from the United
States immigration traffic alone during
the past year fifty millions of dollars.
The steamship companies probably
feel no need of offering justification if
they have solicited patronage. That
is the way of business enterprise it is
for us through laws and their enforce-
ment to regulate our immigration.

As a solution to the question of who
shall be the republican candidate for
vice president we suggest the name
of that distinguished ex-officio holder,
of Iowa and repudiation of the "Iowa
idea," Hon. Fanny Dodge Campbell in
this suggestion, we are aided and
abetted by a large contingent of the

of Minnesota made him—would with
the Twister from Twistersville as a
shifting balance wheel, make a really
creditable race for the presidency,

TRACK
NOTES.

Will Give It a Trial.

The Lake Erie and Western railroad
is going to try a new experiment, and
if it works, will continue it through
the rest of the season. It is the opin-
ion of the passenger department that
it would be well to listen to a gener-
ous appeal, which has come from
many people along its line, between
Lima and Sandusky, for a week day
excursion rate to Cedar Point, and the
venture will be tried. There are a
good many people who would like to
spend a day on the island, but have
objections to going on Sunday, and
the Lake Erie will put on a Wednes-
day train, leaving at the same hour,
and charging the same fare as the
regular Sunday special now operated.
If the patronage justifies it, the train
will be made a permanent feature un-
til the season closes.

A Church Benefit.

The Ladies' Aid Society of the U.
B. church will operate an excursion to
Toledo, June 29th. It is to be hoped
that the ladies will have pleasant
weather, and not be doomed to
disappointment which the first church
excursion of the season met with.

Brotherhood Excursion.

The Brotherhoods of Railway Fire-
men and Brakemen, of Lima, have
perfected their plans for a big holiday
at Cedar Point, and will have two
special trains to that delightful spot
on the 23 of June. The boys are work-
ing up an interest in the annual outing
and feel positive at this time that two
trains will be necessary to accommo-
date their families and friends.

An Inspection Party.

A special train bearing an eastward
bound inspection party of Erie occi-
dally passed through this city on that
road yesterday. Among the officials
on board were General Superintendent
H. O. Dunkle, Trainmaster J. H.
Klein, Division Superintendent Bar-
rett and Division Engineer F. J.
Mosier.

BULETIN.

Lawton, Okla., June 4.—A tornado
has demolished part of the little town
of Walters, near here. One man was
killed and 12 injured. The Southern
western part of the country has been
swept by a hail storm that did dam-
age to crops amounting to several
thousand dollars. Continued heavy
rains in this part of the Kiowa and
Comanche nation have turned all
streams into torrents and the valleys
are inundated.

Isn't it curious that sensible people,

partment do not keep fire extinguish-

Motorman Testifies That He

Which Corresponded.

Norwalk, O., June 4.—There are
no new developments today in the
matter of the collision on the Lake
Shore Electric railway between an ex-
press car and a limited passenger
car, except the testimony given before
the coroner by Motorman George
Sturgeon, of the express car. Stur-
geon said that when he left the terminal
Ceylon Junction, his conductor said,
"no orders," which was understood to
mean that he should go on to the
regular meeting point, siding No. 66.
He left Berlin Heights at 4:28 p. m., on
signal of "no orders" from the station
man. When within a quarter of a mile
of the scene of the wreck, and about
half a mile of siding No. 66, he look-
ed at his watch and said to the others
in the car, "I've got three minutes
yet," and said he carried two watches
and they corresponded with each other
as to time.

Judge Himes and Beaucaire Were
Quoted at 8 to 1, While Others

10 to 20 to 1.

Chicago, June 4.—Of the 21 eligibles
for the Harlem National Handicap the
\$15,000 contest offered today as the
attraction of the opening of racing at
the Harlem course, it was expected
that at least 12 horses would go to
the post, the field to come from the
following:

Impetuous, Flying Ship, Judge
Himes, McGee, Flying Torpedo, Bragg,
Gregor K, Glassful, Monsieur Beau-
caire, Fonsolucca, Potheen, Dr. Steph-
ens, Flohoh, Horatius, Elliott, Lord
Badge, Bondage, Dutchland and Felipe
Lugo. Colonial Girl was placed among
the doubtful starters it being reported
that she had injured herself. Samuel
Hildreth, owner of Witful, a strong
second choice in the Winter books, an-
nounced that he did not expect the
filly to start as her last race was dis-
appointing. In the ante post bet-
ting, McGee was held favorite for the
race at five to one. Gregor K, winner
of second money in the Harlem Na-
tional last year and Elliott, J. T. Shee-
han's entry, were second choices at 6
to 1. Judge Himes and Monsieur Beau-
caire were quoted at 8 to 1, while 10
to 20 to 1 could be had against the
others. The prospect were for rain
and a slow track.

THE YOUNG VULTURE

HE IS WILLING TO FIGHT BEFORE
HE IS ABLE TO FLY.

The fledgling has wonderful
strength of bill, is courageous and
aggressive and is as quick almost
as a flash of lightning.

In the south there is one bird which
everybody knows whether he is a na-
tive student or not. I refer to the
turkey vulture, or turkey buzzard, as
most people call him. This bird seems
to be an ever present feature of the
southern landscape, for look upward
when you will you may see him sweep-
ing the sky with outspread wings,
wheeling in broad circles or soaring in
graceful spirals, with seeming never a
stroke of the mighty pinions for hours
at a time.

One day I saw a vulture sailing thus
says Ernest Harold Haynes in the
Boston Herald, and I carefully marked
his flight until he descended from the
white clouds and disappeared near the
edge of a distant wood. Supposing
that he had come down to feed on some
carcass—a dead horse perhaps, which
had been dragged just outside of the
woods and left—I made the best of my
way to the spot where I lost sight of
the bird, that I might be a witness to
the feast.

I arrived at the wood, but neither
bird nor carcass could I see. Then I
bethought me that this was the month
of May, and that perhaps the buzzard
had a nest thereabout. I hunted un-
der the bushes, along the side of fallen
trees and in some old stumps which
were standing near, but not a feather
was to be seen.

Presently I spied a shadow of some
shrub, and as I approached it out
from somewhere came a big turkey
buzzard, which quickly disappeared
behind the trees. On coming up to the
log, which was a large one, I found
that it was hollow, and in the cavity
there were two eggs, which doubtless
belonged to the vulture which had just
departed. They were considerably larger
than the eggs of a domestic hen,
and in color they were dirty white,
heavily spotted with chocolate brown.

I left then that I might have an op-
portunity to study the young.

The next time I visited the hollow
log the parent birds were not in sight,
but in the nest I found two downy
fledglings, which could scarcely be
called pretty. They were in every way
less attractive than young hawks of
the same age. They expressed their
disapproval of my presence by a weak
growling sound.

I could not visit the spot again for
some weeks, and when I did one of
them had disappeared. The other was
no longer in the hollow log, but stand-
ing at a little distance, and I was in-
terested to see the change in his ap-
pearance. In the first place, he had
grown tremendously; the down which
had formerly covered the whole body
was now confined chiefly to the head,
neck and under parts, and the rest of
the bird was clothed with firm black
feathers. He looked fat and well fed.

I reached out my hand and caught
him by one wing. But here he had a
surprise for me, for he seized my fin-
ger in his hooked bill and with a turn
of his head twisted off a bit of the
flesh before I had time even to object.
After hurriedly cleansing the wound I
again advanced on the enemy, who
was game enough to satisfy any one
and came to the attack with open bill.
Of course he was not dangerous in the
least, for he was very young and could
not even fly, but for a fledgling the
grip he could give with his bill was
astounding.

However, I picked him up, took him
home and tethered him in the garden
with a strap to one leg. The first night
he ate a good meal of liver, and after
that he took almost any kind of meat
that was given him. I let him have
carcass whenever it was convenient,
but at other times he ate freshly killed
frogs, fresh beef, opossum and even
fish.

One night soon after I had brought
him home I went out to see how he
looked when he was asleep. It was so
dark that his black plumage was not
visible against the grass. All I could
see of him was a white spot, his head,
as it hung near the ground.

I approached very quietly and was
within five feet when something hap-
pened. Out of the darkness there came
a flash of white straight toward me
with a speed which caused me to step
quickly backward, and at the same in-
stant there was a startling, rustling
sound, accompanied by a guttural
growl, which for a moment I did not
recognize as the voice of the young
vulture.

Altogether it was a most startling
phenomenon, and, although I realized
in a moment that the bird was in some
way the cause of it, I do not know
even yet just what happened. This
much I know, however, that the bird
rushed at me, growling with all his
might, and that the flash of white was
the white down of the body uncovered
by the opening of the black wings.

The rushing sound was, I think,
caused in some way by the wing feath-
ers or tail feathers, or both, but whether
or by dragging them, along the ground
or otherwise I cannot tell. I tried on
several occasions to find this out by ap-
proaching the young vulture when there
was just light enough for me to see
what happened, but he would never
act in just the same way unless it was
quite dark.

No doubt this is some provision of
nature to protect the bird when it is
young and helpless, and I can testify
that it is a good one, for I am sure that
few night prowling animals would care
to pursue their investigations after be-
ing given so startling a reception.

The G. O. P.—If you fellows will only keep me in office I'll give you some rich Panama pickings.

CLEVER

Performance at McBeth's
Park This Week.

Since Thursday, the Murray
comedy company under the man-
agement of J. Russ Smith, has been
presenting to good sized and pleased
audiences, that interesting melo-
drama, "Nettie the News Girl." There
is a wide difference between this play
and the introductory bill "Forget Me
Not," and in that shows the versatility
of the company Mr. Smith has en-
gaged for the season. Miss Cressie
Canada assumed the soubrette role,
and she did it well, her acting possess-
ing all the ebullience, chic, naturalness
and genteel abandon necessary to cre-
ate a favorable impression for her and
make of the part, a success. The
other characters were well sustained.
"Nettie the News Girl" will be pre-
sented for the last time tonight. To-
morrow that stirring and sensational
trama, "John Martin's Secret" will be
put on to run until Wednesday night,
to be followed at next Thursday's
matinee by a dramatization of
Tolstoy's "Resurrection."

Tom Barrington, of St. Marys, O., handles a large number of general utility horses, and recently he sold a wild one from the country of rough-riding cowboys to Henry Schulte, of Maria Stein, Mercer county, Ohio. Not With Scisson.
Ben Scisson, of Lima, O., will not race the pacer Walter Wilkes 2:14 1-4 as reported a week or so ago. Walter Wilkes is being worked by Doc Barlow, of Kenton, O., who, with C. I. Sartwell are his owners. Along with Walter Wilkes in the Barlow and Sartwell stable are Silver Cord 2:19 1-4, Kid Hilarity 2:29 1-4 by Acolyte, and Little Rubie by Strong Boy, a very promising green pacer that looks like the real stuff. There are about twenty-five head of horses being trained at Kenton.—American Sportsman.

Coss & Steinbaugh Checks Forged to Extent of Fifty Dollars.

Dean Neff Who Was Bound Over to the Grand Jury in February for Larceny Is Again in Serious Trouble.

Dean Neff, aged 23 years, son of H. L. Neff, of east North street, was arrested by patrolman Ferguson last night, charged with passing a forged and worthless check drawn on F. B. Coss, of the firm of Coss and Steinbaugh, for the sum of \$7. The check referred to in the affidavit was taken to the Oil Well Supply Co.'s store by the young man and was cashed there. When arraigned in mayor's court this morning, Neff pleaded guilty to the charge and was bound over to the grand jury. His father signed the bond that secured his release.

Young Neff seems to have been operating quite extensively in the bogus check business. In addition to the check that was cashed by the Oil Well Supply Co., one for \$8, that was cashed by Heitzler and Werner and one for \$8 cashed by Penny and Penny, have turned up and others will be heard from, the young defendant having admitted that he stole the blank checks from Coss & Steinbaugh and issued \$52 worth of them.

This is not Neff's first offense. He was bound over to the grand jury by Justice J. W. Mowen on the 23rd of last February, on the charge of stealing 2,800 feet of rope cable, valued at \$190, from J. J. Groves. Through the efforts of the young man's father, he was saved from an indictment for this offense and this time the father will endeavor to save his son from a term of imprisonment by having him enlisted in the United States army.

Pleaded Not Guilty.
J. W. Oatman and V. E. McCreary, expressmen, were arraigned before Mayor Robb this morning on charges of fighting. They pleaded not guilty and the cases were set for hearing next Tuesday.

The Ladies' Auxiliary of Lima-College will meet with Mrs. Ackerman, of Jameson avenue, Monday afternoon at 4 o'clock.

Six Cossacks Killed and Twenty-Two Wounded in the Skirmish.

Russian Losses Reported in Other Skirmishing Along Along Yalu River—Dahly Not Badly Damaged by the Fire.

Seoul, June 4—6 p. m.—The commissioner of customs of Gen. San, Korea, wires that a Russian attack on that place is deemed imminent. He is making preparations to send the women and children to the mountain. A junk has reported that the Russians have landed field pieces at Sha river, near Ham Heung north of Gen. San on Broughton Bay, or the Gulf of Korea, at which place Cossack reinforcements are expected.

Number 40,000.
Che Foo, June 4.—(Noon)—A Chinese passenger on a junk which has arrived here from Dahly, states that he was at Port Arthur recently, and that the Russian force, inclusive of sailors, numbers 10,000 men only. The four larger vessels of the Russian fleet are undamaged, but all the others are in the hands of the repairers. The Japanese have restored order at Dahly and Talien Wan and have driven out the bandits. Dahly, according to the passengers story was not badly damaged by fire. Only the old town was destroyed.

News of Sharp Fight.
St. Petersburg, June 4.—(2:20 p. m.)—The war office has received news of a sharp fight twenty miles north of Saimatsza, north of Feng Wang Cheng, June 1, in which six Cossacks were killed and twenty-two wounded. The Japanese losses are not known. Five companies of General Bennenkamp's Cossacks discovered Japanese detachments at Fen Chou Ling Pass, half way between Saimatsza and Ajidjia.

The Cossacks dismounted and attacked on foot, but owing to the difficult nature of the ground and the strong defensive position held by the enemy and the latter's stubborn resistance, the attack was not pressed and the Cossacks drew off.

Five Cossacks Less.
Tokio, June 4—4 p. m.—General Haraguchi, in command of the Japanese forces south of the Yalu river, telegraphs from Seoul that an infantry reconnaissance despatched from Gen San struck a patrol of Cossacks at Munch Hyan yesterday and killed five of them.

Tells of a Series.
Tokio, June 4.—The commander of the Japanese forces south of the Yalu river telegraphed from Seoul today, news of a series of fights north of Pu Lan Tien about 10 miles north of Port Adams, Liao Tung Peninsula, Monday, received from Japanese cavalry scouting in the vicinity of Chou Chia Tung. It was learned that Cossacks had been located at Telissu, and the Japanese thereupon despatched infantry and cavalry, which defeated and pursued them. The Russian force consisted of three squadrons. At Chang Chia Tun, this force was joined by two additional squadrons and the Japanese again attacked and defeated the Russians. Five companies of infantry and a battery of horse artillery joined the Russians at Lung Wang Miao, where the Japanese attacked for the third time, and the Russians fell back to Telissu, where the Japanese and Russian cavalry continued in contact Monday night.

Brigands Active.
New Chwang, June 4.—(Morning)—The brigands in this vicinity are becoming bolder, after receiving one thousand Manlicher rifles. Their renewed activity is causing a discussion among the foreign residents, of the necessity for gunboats as a protection for their lives and property, during the interval which must elapse between the departure of the Russians and the entrance of the Japanese troops into New Chwang. A British gunboat is still lying at Hing Wang Tam, but the decision of the Washington authorities that the United States gun boats Wilmington and Helena will summer at Canton is taking to mean that U. S. Consul Miller's recommendation made months ago has been unfavorably considered by the government. Consul Miller's common sense diplomacy and his firm courageous attitude has done much to alleviate the fears of all the foreign residents here; The Chinese trust in him explicitly. Still the American and British residents, while of the opinion that his influence would prove of immense value in the event the bandits began raiding the town, between the Russians going and the Japanese coming in, say he should have the support of a gunboat stationed at the mouth of the river.

The Russians here have been somewhat cheered by a report brought in by an officer just arrived who was in the battle at Kin Chou to the effect that after the first day's fighting the Japanese asked for a twelve days truce. Outsiders do not, however, believe this report.

Small Skirmish.
Seoul, June 4.—(Noon)—A skirmish took place between twenty Cossacks and an unknown force of Japanese scouts at a point twelve miles north of Gen San on the morning of the third instant. The Cossacks were evidently ambushed by the Japanese, who were concealed in the brush on a hillside. The Russians eventually retreated towards Ham Heung, leaving six dead upon the field. The Japanese casualties are not stated.

Of Death Claims a Beloved Mother.

Mrs. Mary Cunningham Passed Away This Morning.

Deceased Was Born in Ireland and Had Lived in Lima Fifteen Years—Leaves Three Sons and Two Daughters.

Mrs. Mary Cunningham, widow of the late Thomas Cunningham, who died on the 10th day of last February, passed into the peaceful sleep of death at the family residence, corner of Elizabeth and Heller streets at 10:30 o'clock this morning. The deceased had been ill for the past two years, and for the past eight months was confined to her bed.

At times the nature of her ailment made her sufferings intense, all of which she bore with beautiful Christian patience and resignation. The deceased was a noble type of Christian womanhood, always having a kind word for everyone. Her noble disposition endeared her to all who had the good fortune to know her. She was born in the County Mayo, Ireland, August 15, 1840. The family removed to this city from their farm in Auglaize county, about 15 years ago. The departed lady was a faithful member of St. Rose church and a member of the Altar Society of that church. The family have the sympathy of a wide circle of friends as they had scarcely recovered from the shock of their father's sudden death, until they were called upon to part with their good mother, who was a mother in every sense of the term. To mourn her death are three sons: Engineer John J. Cunningham, of the L. E. & W.; Joseph and Anthony Cunningham, and two daughters, Mrs. Geo. H. Boyle, and Miss Mayne Cunningham. No definite arrangement for the funeral have been made, but in all probability the services will be held at St. Rose church, Monday morning at 8:30.

Triumphs of Modern Surgery.

Wonderful things are done for the human body by surgery. Organs are taken out and scraped and polished and put back, or they may be removed entirely; bones are spliced, pipes are the place of diseased sections of veins; antiseptic dressings are applied to wounds, bruises, burns and like injuries before inflammation sets in, which causes them to heal without maturation and in one-third the time required by an old treatment. Chamberlain's Pain Balm acts on this same principle. It is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness. Keep a bottle of Pain Balm in your home and it will save you time and money, not to mention the inconvenience and suffering which such injuries entail. For sale by all druggists.

FLOWER MISSION.

The Woman's Christian Temperance Union of Allen county, will observe flower mission day, June 5th, at the county infirmary.

All are invited to join us with their lilies, to bring fruit and other good things for the inmates, flowers, scripture texts and literature, for distribution. A very fine program will be arranged for this red letter day observed the world over by the white ribbons.

Prayers will be offered. Songs, solos and quartettes will be given, and a bible lesson on the "Lilies of the Field." Trusting that we all may become like unto them in the purity and beauty of our lives, that we may look up to nature's God and find Christ's spirit in it all. Rev. Geo. Lord, pastor of the First Baptist church, Lima, will give the principal address.

"Sweet flowers be mine to dwell with you,
We talk of song, and sunshine, hope and love,
We breathe of all bright things, and lead as through,
The best of earth to better things above."

A TIRELESS WORKER.

A Victim of Nervous Debility, Now a Wonder of Vivacity, Explains the Marvel of the Change.

Mrs. Dora B. Frazier, of No. 140 Althea street, Providence, Rhode Island, is today the very embodiment of vivacity. She is an energetic, forceful woman in a large laboratory and shows no traces of her recent long struggle with nervous prostration and typhoid pneumonia.

My illness began in 1898," says Mrs. Frazier, "and lasted for about 3 years in all, and for three months I was confined to my bed. I made occasional attempts to work, but I could only manage to put in two or three days out of a week at the very best. Several times I was actually at the point of death.

"I had a good physician but he could not succeed in getting me out of my weak state. It was hard for me to retain any food and my weight dropped down to seventy-five pounds. I had a great deal of dizziness and suffocating spells. One of my legs was swollen so as to interfere with my walking. I could get scarcely any sleep, my color was very pale and I suffered from irregularities that are very painful and depressing to women.

"I dragged out month after month of such an existence. Then I read of Dr. Williams' Pink Pills for Pale People in a Providence paper, and I thought I would just try them. Before I got through the first box I said to my mother, 'Why these pills are certainly doing me good. We both grew hopeful and I kept on taking them steadily for six or seven months and then occasionally for some time longer, and all the time my troubles kept lessening until at last they were gone altogether. I got rid of indigestion, headaches, nervousness, sleeplessness, dragging sensations and irregularities of every kind and my weight ran up thirty-two pounds.

"It is more than a year since I took up my full work and in all that time I have not lost a day through illness. Dr. Williams' Pink Pills have made me a well woman, and I have no lack of strength or cheerful spirits."

Dr. Williams' Pink Pills are a specific for all diseases of the blood and nerves. They are sold by all druggists throughout the world.

The letters of Miss Merkle, whose picture is printed above, and Miss Claussen, prove beyond question that thousands of cases of inflammation of the ovaries and womb are annually cured by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gradual loss of strength and nerve force told me something was radically wrong with me. I had severe shooting pains throughout the pelvic organs, cramps and extreme irritation compelled me to seek medical advice. The doctor said that I had ovarian trouble and ulceration, and advised an operation. I strongly objected to this and decided to try Lydia E. Pinkham's Vegetable Compound. I soon found that my judgment was correct, and that all the good things said about this medicine were true, and day by day I felt less pain and increased appetite. The ulceration soon healed, and the other complications disappeared and in eleven weeks I was once more strong and vigorous and perfectly well.

"My heartiest thanks are sent to you for the great good you have done me."—Sincerely yours, MISS MARGARET MERKLEY, 275 Third St., Milwaukee, Wis.

Miss Claussen Saved from a Surgical Operation.

"DEAR MRS. PINKHAM:—It seems to me that all the endorsements that I have read of the value of Lydia E. Pinkham's Compound do not express one-half of the virtue the great medicine really possesses. I know that it saved my life and I want to give the credit where it belongs. I suffered with ovarian trouble for five years, had three operations and spent hundreds of dollars on doctors and medicines but this did not cure me after all.

"However, what doctors and medicines failed to do, Lydia E. Pinkham's Vegetable Compound did. Twenty bottles restored me to perfect health and I feel sure that had I known of its value before, and let the doctors alone, I would have been spared all the pain and expense that fruitless operations cost me. If the women who are suffering, and the doctors do not help them, will try Lydia E. Pinkham's Vegetable Compound, they will not be disappointed with the results."—MISS CLARA M. GOT BACK AT VANDERBILT.

When George Westinghouse, as a young inventor was trying to interest capitalists in his automatic brake, the device which now plays so important a part in the operation of railroad trains, he wrote a letter to Commodore Cornelius Vanderbilt, president of the New York Central Railroad Co., carefully explaining the details of the invention. Very promptly his letter came back to him, indorsed in big, scrawling letters, in the hand of Commodore Vanderbilt: "I have no time to waste on fools."

Afterward, when the Pennsylvania railroad had taken up the automatic brake and it was proving very successful, Commodore Vanderbilt sent young Mr. Westinghouse a request to call on him. The young inventor returned the letter, indorsed on the bottom as follows: "I have no time to waste on fools."—Success.

Will Be Held in Trinity M. E. Church,

Tuesday Morning at Ten O'clock, Presided Over by Pres. Endaly.

Nearly One Thousand of Ohio's Sunday School Delegates Are Expected to Be Present at This Convention.

The Ohio Sunday School Worker for Lima says:

"All signs indicate that the greatest State Sunday School Convention ever held in Ohio, will meet in the city of Lima, Tuesday, Wednesday and Thursday, June 7, 8 & 9. Sunday school workers who attended the state conventions at Akron, Chillicothe, Findlay and Portsmouth can never forget the sweep and spiritual power that characterized those great meetings; but the writer confidently believes that the convention at Lima will eclipse them all. The array of Sunday school specialists engaged to serve the convention is fully equal to that presented in any Ohio state program of the past. The program as arranged has provided for inspirational features without overlooking the educational opportunities of the convention.

The convention this year will be peculiarly attractive because of the interest centering in the return of Ohio's large delegation of seventy-nine Sunday school workers from the world's Fourth Sunday School Convention, recently held in Jerusalem, Palestine. Many of these widely traveled delegates will attend the convention, and will participate in a jubilee meeting, which promises to be one of great interest. Arrangements are being made for a lecture on the "Crucifixion of the Orient and Jerusalem," illustrated by stereoscopic, in which many original pictures will be shown.

Mr. Marion Lawrence. Ohio is peculiarly favored in having as one of her Sunday school superintendents, Mr. Marion Lawrence, who is recognized the world over as being the foremost Sunday school man of his times. His relation to the international field makes him the servant of the continent of North America, and he is in great demand in the widely separated sections of his field. He, however, never fails to set a worthy example to all general workers by always attending his own state convention. He rightfully belongs to Ohio, the state of his birth and residence—the state he so long served as general secretary. He comes to Lima, therefore as a delegate from his own school and county.

Mr. W. C. Pearce. Mr. W. C. Pearce, of Chicago, who is now known as "International Teacher-Training Secretary," was one of the specialists of the state convention held at Portsmouth last year. He comes before the convention this year overflowing with enthusiasm upon the subject of the better training of Sunday school teachers.

Mrs. M. S. Lamoreaux. Mrs. M. S. Lamoreaux, of Chicago, appears before the Ohio State Convention for the first time. She, however, is not entirely unknown to the state as a primary worker. She has twice conducted institutes in Toledo, and has established for herself there an enviable reputation. She is State Primary Secretary of the State of Illinois.

Next Week Offers Several Events.

Attending the Closing of the Schools and Passing of the Seniors.

Training Class Will Listen to an Address Monday Evening—Class Day is Tuesday, and Final Exercises Thursday.

Next week belongs especially to the schools and the graduate is the particular star in the educational firmament. Beginning with Monday evening there will be exercises for several days following, in which the members of the training school, the high school and the grammar grade departments are all interested.

Monday evening at Trinity church, the training class of nine will graduate and receive diplomas which entitle them to teach in the public schools, and it is a coincidence that all of them will have a position ready for acceptance when the term begins in September.

The class includes Bernice Fletcher, Blanche Long, Lenora Gottfried, Myrtle Busick, Lena Schnable, Helen Smith, Mary Stephens, Bertha Borges and Anna Taylor. Diplomas will also be presented to the class of the preceding year as they were not engraved in time for the exercises.

The program will consist of a class address delivered by Dean Winnich, of Oxford State Normal, who was one of the strongest lecturers present at the Northwestern Teachers' Association meeting held in Lima this year.

Prof. Lull has directed two choruses which will be rendered by the class, and the second annual commencement promises to be a most interesting event.

CLASS DAY
To Which the Juniors and Seniors Look Forward.

Tuesday afternoon, class day exercises will be held at Baxter place, where the seniors will take final leave of their comrades so far as school life is concerned, and the program this year is an especially pleasing one. The reception tendered the seniors by the juniors at Wheeler hall last night, welded even more strongly the tie which keeps memories of school days fresh and green, and the exercises on class day will be another event crowded into the lives of those who are soon to enter the sterner walks of life. The program offered at this pleasant occasion is as follows:
